child & teen SUMMER CAMPS

June-July 2024

Inclusive Children's Programs

Classes located at Boundless Playspace & Activity Center

Social Skills Camp

We Thinkers! Social Explorers – 2 Session Series

Session 1 - This ½ day camp is for the experiential learner who is challenged by social communication in a small group setting. Children will benefit from building increased capacity for social communication, improved listening, and follow behavior norms in groups to improve their success at school and beyond.

Session 2 - This week will dive deeper into exploring social thinking and social behavior skills learned in week 1. Attending session 1 is not required.

Cost: \$400 per session*

Student Type: Ages 6-12

Class Days: Monday – Friday

Class Times: Morning session: 8:00 am – 12:00 pm
Afternoon session: 1:00 pm – 5:00 pm

Session 1

Dates: June 10th – June 14th

Session 2

Dates: July 8th – July 12th

Mini Sport Camp

This mini sport camp will give your child a positive first step into sports. It is great for children with all abilities and will provide a great experience for peer modeling. Each day will focus on a different sport (t-ball, soccer, basketball, and floor hockey). Parents/Guardians are required to stay on-site.

Cost: \$125*

Student Type: Ages 3-6

Class Days: Monday – Friday

Class Times: 8:00 – 9:00 am

Dates: • June 17th – June 21st
• July 22nd – 26th

Autism Fitness Summer Olympics

This functional small group program is based on Autism Fitness Theory and will focus on a different Summer Olympic game each week. The goal of this camp is to be active and have fun with peers while practicing social skills in an inclusive and safe environment.

Cost: \$325*

Student Type: Ages 7-11

Class Days: Monday & Wednesday

Dates: June 10th – July 31st

Class Times: 5:00 – 6:00 pm

Therapeutic Recreation & Fitness

Located at EA Therapeutic Health

Calling children and teens! Spend the summer months working with our Certified Therapeutic Recreation Specialist, improving skills while avoiding regression from learned skills over the summer. This programming is especially great for children and teens who find working in groups difficult/overwhelming or have a physical disability that requires 1:1 attention. During this program, you will see improved results in fine- and large-motor skills, strength, coordination, listening skills, social communication, and more. We will evaluate you and your goals and recommend a frequency to fit your busy summer schedule. Add therapeutic recreation and adaptive fitness to your current therapies and see your child's skills soar this summer!

Please call our team to be evaluated for the program.
